To Whom it May Concern:

On March 19, 2020, the federal Cybersecurity and Infrastructure Security Agency (CISA) provided Guidance on the Essential Critical Infrastructure Workforce. This guidance stated that:

"If you work in a critical infrastructure industry, as defined by the Department of Homeland Security, such as healthcare services and pharmaceutical and food supply, you have a special responsibility to maintain your normal work schedule."

Recycling Equipment Inc. provides mission critical equipment and services including but not limited to these Critical Infrastructure Industries named by CISA:

- Government Facilities
- Food and Agriculture
- Healthcare and Public Care

Further guidance by CISA enumerates specific products and services to these industries as well as specific employee groups serving these industries that are to be included. This guidance lists services and roles specific to the core business of Recycling Equipment Inc., including but not limited to:

- Support to ensure the effective removal, storage, and disposal of residential and commercial solid waste and hazardous waste
- Food manufacturer employees and their supplier employees—to include those employed in food processing (packers, meat processing, cheese plants, milk plants, produce, etc.) facilities; livestock, poultry, seafood slaughter facilities; pet and animal feed processing facilities; human food facilities producing by-products for animal food; beverage production facilities; and the production of food packaging
- Employees and firms supporting food, feed, and beverage distribution, including warehouse workers, vendor-managed inventory controllers and blockchain managers
- Workers who support the manufacture and distribution of forest products, including, but not limited to timber, paper, and other wood products
- Employees engaged in the manufacture and maintenance of equipment and other infrastructure necessary to agricultural production and distribution
