

Dual Shaft Shredders

REI heavy duty, low speed, high torque shredders stand up to your most demanding applications. Our DS series operates at a slow speed with minimum noise, dust and energy requirements. A variety of configurations allows **REI** to design the most efficient system for each individual customer.

*Since 1994, **REI** has proudly offered products designed to make a measurable difference in safety, energy consumption and our environment, while providing performance and durability.*
